REPORT OF SUPERINTENDENT OF SCHOOLS

Manchester Center, Vt., Feb. 1, 1941.

Members of the School Board:

The task of your schools, which is primarily the preparation of children for further advance in knowledge, is being carried on in a very satisfactory manner. Texts are being renewed and brought up to date as needed, and the teaching staff is of the sort that it pays to provide with the best in teaching equipment and materials.

The following brief summary of the physical condition of the schools is presented as a matter of information, so that the citizens may know that the money you seek for the maintenance and reconditioning of your school plant is sought for a good purpose.

The South Dorset school is in nice shape, except for lacking good electric lights. The interior is freshly painted; well heated with ventilating equipment, while double windows make for comfort as well as for economy in fuel. This school has a standard plate and ought to be able to retain it.

The Village school lost its standard plate, but a program of improvement is under way to make it eligible for restoration of the plate. The interior has been painted this fall; the offensive water pipe removed from the primary room; the swings on the playground repaired and put into use; and 20 new adjustable seats secured. The new seats, having been purchased with community-raised funds will be of practically no expense to the town, owing to state aid for the project. This building needs exterior painting and foundation repair.

The features still requiring attention inside are the blackboards in the grammar room which are to be changed somewhat, stained black and a couple of new ones purchased. This building also lacks standard electric lighting equipment. The heating plant has failed to give satisfactory service at times, but it appears as if the fault lay in the janitor service rather than in the plant itself, which seems to function all right when managed properly.

The East Dorset school is a rather dingy, uninteresting sort of place in which to carry on school work with its cold halls, and smoke stained schoolroom walls. The appearance of the floors has been improved through the use of sweeping com-

pound and soft brushes while a supply of new coat hooks has been a help in the halls. I understand that sufficient community money has been raised for the installation of standard electric light fixtures which are especially needed in that school because of the high ceiling. Double windows would be a valuable addition to that building, and I suspect a more satisfactory circulation of heat could be secured without great expense. The toilet and sewage disposal system need overhauling as there still seems to be a tendency to freeze in cold spells.

North District would benefit from a paint job inside and out, and I suspect a lot of heat is lost through its ceiling. An outside shelter built over the door might give protection from the cold air that blows in from the outside. The Hollow school needs paint inside which is already planned for.

Commissioner Noble requested that attention be called to the fact that the amount of state aid for the school year ending June 30, 1940, was \$2,760.06. This is four-fifths of what it would have been if the town's grand list were less than \$10,000.

Respectfully submitted,

EDWIN L. BIGELOW,

Superintendent of Schools.

Overseer's Statement

To the Taxpayers of the Town of Dorset:

I believe it will be gratifying to you to know that the cost of caring for the poor for the past year has been approximately 24 per cent less than in the previous year and this in spite of the fact that in the month of February, 1940, the month before I took office, the cost of the poor was \$1,025.36. In addition there was contracted for a total of \$507.34 in doctors' and hospital bills. The actual saving in the past year has been \$1,757.73.

Since there has been no WPA project that had a direct bearing on relief, the greater part of the saving has been due to a careful investigation and check on every item of expenditure.

During the past year I have visited every family and every individual receiving aid of any kind and this includes recipients of relief living in other towns including Hebron, Simonsville, Tinmouth, Landgrove, Pittsford, Castleton and Brattleboro. Every new claimant for relief has also been investigated as to qualifications and previous residence.

There has been received and distributed 37,352 lbs. of surplus commodities including white flour, graham flour, corn meal, rice, potatoes, cereals, raisins, tomatoes, butter, lard, prunes, oranges, cabbage, eggs, pears, grapefruit, dry milk, ham, bacon, pork, beans, carrots and peaches.

Every recipient of commodities is notified when they are available and their cooperation has been most gratifying.

In addition to food there has been furnished 27 mattresses and 26 quilts; also this department acknowledges the gift of a wheel chair from the Vermont Catholic Charities as well as glasses and clothing from the Red Cross.

As in the past the Putnam Memorial Hospital has furnished most valuable service to the needy without cost to the town.

In conclusion may I thank Dr. Liddle, the merchants and the town officers who have cooperated with me. I am sure that continued cooperation will result in making our welfare program more and more effective.

Respectfully submitted,

CHARLOTTE E. BURNS,

Overseer of Poor.

ROAD DEPARTMENT REPORT

For town roads the tax of 38c on the Grand List of \$10,302.99 produced a fund of \$3,915.14 from which is deducted State Patrol Money of \$419.20. This left an amount of \$3,495.94, which equally divided gave each road commissioner for town roads, \$1,747.97.

This is to certify that we have audited the accounts of the Officers of the Town of Dorset for the year ending February 1, 1941, and found them correct to the best of our knowledge and belief.

FREDERICK F. GILBERT,

CLYDE H. McWAYNE,

EDWARD L. MOLLOY,

Auditors.

OLD AGE ASSISTANCE DEPARTMENT

STATE HOUSE

MONTPELIER, VERMONT

For the information of your taxpayers the customary annual statement is presented for your town report.

Payments of Old Age Assistance to persons applying from your town amounted to \$3,397.50 during the year January 1, 1940, to December 31, 1940.

The number of recipients in December 1940, was 18.

The resources of this department and its ability to make payments are determined by the state appropriation which is matched by federal funds.

The administrative expenses of the department during the year was 4 per cent.

The advice and council of local officials and interested people are gratefully acknowledged by this department and its field staff.

Very sincerely yours,

W. ARTHUR SIMPSON, Director.

WARNING

Legal Voters in Town Meeting and Town School District in Town of Dorset, State of Vermont, are hereby warned and notified to meet at the Dorset School Hall in the Village of Dorset, on the 4th day of March, 1941, at the hour of Ten O'clock in the forenoon of said day to transact the following business:

Art. 1. To hear the report of the Town Officers and take proper action thereon.
